MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM:

SUBJECT: Capitol Hill Security

The attached letter was hand-delivered by Jay Aldhizer, FBI Liaison Officer, today. Although Mr. O'Malley's wording of the four conditions of FBI acceptance of the prime responsibility for Capitol Hill technical security differs slightly from that of my memo to you, I believe the two documents are substantially the same in all relevant aspects. If you find this latest iteration acceptable, I will reschedule the meeting with Gene Dean to hand over the program.

Honorable John N. McMahon
Deputy Director of Central Intelligence
Central Intelligence Agency
Washington, D. C.

Dear John:

I have been asked by [redacted] to document the FBI's agreement regarding Capitol Hill security. The following is the FBI agreement which has been approved by Judge Webster:

- (1) The FBI will take the lead agency role.
- (2) This can be accomplished by establishing an Ad Hoc Group of the DCI's Security Committee under FBI chairmanship.
- (3) The Interagency Training Center will provide the technical training to the Capitol Police.
- (4) The FBI's Security Officer as Chairman of the Ad Hoc Group will serve as the point of contact with Capitol Hill on this matter and with his Group will determine which elements of the Community should contribute to each aspect of the security service.

The FBI views this program as an Intelligence Community effort, though we are quite willing to take the lead in a coordinating posture, in terms of the chairmanship of the Ad Hoc Group which we see as the real focal point for this Community effort.

Sincerely,

Edward J. O'Malley
Assistant Director
Intelligence Division
